

Video Class expectations

- Arrive on time and ready to work. Store all books and possessions on floor under your computer desktop.
- Complete class assignments in a high quality and timely manner.>>>>>>>>
- Work within your group to learn, teach each other and evaluate each others projects.
- Be productive at all times.
- Be respectful of fellow classmates, teacher and computer equipment.
- Take care of your computer and camera, keep your work space clean, note any problems with your computer or camera when you arrive or leave and let me know about them.
- Think, think, think, be ready for new projects with quality ideas.

Policies

- You may go to the restrooms for **2 minutes during our work time only** unless there is an emergency. You must sign out using your pass forms. Only one person at a time.
- Students to have a water bottle but it must remain **on the floor** and may be checked for contents from time to time.
- **Gum should not be seen**, if it leaves the students mouth, there is equipment that always needs cleaning for those choose to disrespect this rule.
- You must have a signed **parent permission slip in order to check out a camera. You must check the camera in the next morning.** If you do not, you will loose the checkout privilege for two weeks, one month for the second offense. You are responsible for the repair of any damage to the camera while checked out to you. Remember that several students will depend on using the same camera at a time.

Assignments

Work from assignment sheets, develop storyboards, get approval for your project then begin shooting and editing. Save finalized work to Quicktime format and place on your iweb portfolio. Self evaluation and rubric will be used to come up with your grades. A complete assignment will include a completed product, self evaluation, peer and teacher evaluation. Grades will be composed of daily work grades, behavior grades and project grades.

Absences

You are responsible to make up for classes you miss, discuss this with me.
